# JUNG at HEART

Spring/Summer 2017

INNER CITY BOOKS was founded in 1980 to promote the understanding and practical application of the work of C. G. Jung

## Reviews of **ANOTHER PIECE OF MY HEART, EROS: MELODIES OF LOVE, and POCKET JUNG: PITHY EXCERPTS**

**141. ANOTHER PIECE OF MY HEART, with Badger McGee, Sett in His Eros Ways.** Daryl Sharp (Toronto). (2014) 112 pp., \$25.

This second volume in the author's **Badger Trilogy** features Badger expounding on the contrasexual archetypes and Daemon musing on the personal influence of Jung's essay, "The Undiscovered Self."

*Another Piece of My Heart* is playful and thought-provoking, as befits the author's style in integrating Logos and Eros while differentiating the two. Sometimes bawdy and whimsical, often laugh-out-loud absurd, and always mercurial—it is deceptively easy reading, a page-turner into the wee hours.

*"Sharp's prose is wry, sardonic, candid and resonates on many levels. This book will entertain and edify those who thought Jungian psychology was only for intellectuals and the elite. It is lyrical and down-to-earth, a chorus of love as it manifests in life and relationships."* — A.C. Review of Books, Toronto.

**142. EROS: MELODIES OF LOVE, with Badger McGee, Still Sett in His Ways.** Daryl Sharp (Toronto). (2015) 128 pp., \$25.

*"In this final volume of his Badger Trilogy, Sharp pushes the boundaries of subjective non-fiction about as far as they can go. Still, true to his other books in the "Jungian romance" genre (which he created), he continues to explore the psychological aspects of relationship. Here, through his alter-egos Daemon and Badger McGee, he weaves a colorful quilt of Logos and Eros, full of compassion, good humor and Jungian wisdom.*

*"Eros: Melodies of Love is a warm and thoughtful book with big ideas. Like Sharp's many other books in this series, it focuses on living intentionally, consciously. In fact, Sharp's writing verges on the magical in bridging the gap between thinking and feeling."*—J. Henri Etincelles, Indie News-Tribune.

**143. POCKET JUNG: Pithy Excerpts from the Work of C. G. Jung, with Informed Commentaries by Daryl Sharp** (Toronto). (2016) 128 pp., \$25.

*From the Preface:*

*Pocket Jung* is written for the general reader who may not be acquainted with Jung's own writings. I have not attempted to make an exhaustive resume of Jung's approach to psychic reality. Rather I have set forth some of the basic ideas on which his school of psychology rests.

My intention has been to capture the richness of Jung's thoughts and stimulate the reader to know more about Jung's work and school of depth psychology.

The material of these chapters was originally presented over the years to an intelligent group of men and women in Columbus, Indianapolis, San Francisco, Vancouver, Winnipeg, Ottawa, Washington D.C. and Toronto, who were not very familiar with Jung. I hope that this relatively simple presentation may also meet the needs of a wider public.

Jung's primary aim was to raise the individual's level of consciousness, so that she or he not be prey to unknown psychic forces, and that is my aim too.— Daryl Sharp.

**Dear Mr. Sharp:**

"I just finished *Pocket Jung* and indeed it is to be held in one's pocket! It flows like a river down a mountain—refreshing, interesting, lively and dew for the soul. You have taken so many difficult concepts once again and encourage the reader to try them on for size by contextualizing them in your personal experience. Readers can actually feel that it might be possible to individuate and that is a coup in itself in this day of abominable unconscious distractions. You do not skimp on the terrors of individuation but it seems possible because you present your own journey with wit and eros. It is clear that eros is the necessary companion to a full life.

"From an analyst's perspective, it is inspiring and rich in its depth and breadth. The lay person will read it at one level and the analyst at another—which is of course, how Jung himself is read—at different levels at different times in one's life.

"The ordering, interweaving and laying out of Jung's ideas is beautifully arranged—a most difficult challenge and achievement. Your male perspective was heart-warming and personal, holding the reader's hand while treading through the world of the genius."—Becky Brighter, A.C. Review of Books.
